

Project FOCUS

Families Overcoming Crisis and Understanding Strengths
**Youth Support Camp
Orientation and Training**

In the United States there are over eleven million kids living in homes where alcohol or other drugs are abused. Growing up in a home where there is alcohol abuse, other drug abuse, mental illness or other family stress is confusing and difficult.

YOU CAN HELP

Become trained as an adult facilitator or youth volunteer. Children need to learn how to take care of themselves and stay safe.

Learn the 7C's
I didn't cause it...
I can't cure it...
I can't control it...

But...
I can take care of myself by
communicating feelings,
Making good choices and
celebrating myself!
