

CARE'S WorkLife Solutions

Respecting Diversity in the Workplace

Due to workforce population changes, the need for respect in the workplace increases. In order to benefit the entire organization, we must recognize our personal belief system and learn to allow every individual to be unique.

This informative training is interactive, utilizing group exercises and video to address:

- ◆ Facts about changing workforce & benefits of inclusion
- ◆ What diversity is and is not
- ◆ Confronting our belief systems & acknowledging our values
- ◆ Communicating in a diverse workforce
- ◆ Cultural differences
