

CSRE

OF SOUTHEASTERN MICHIGAN

ANNUAL REPORT

2015 - 2016

806

INDIVIDUALS SERVED
THROUGH PEER
RECOVERY SERVICES

Dear CARE Supporters:

Over the last year CARE has impacted the lives of over 40,000 people through our wide range of programs and services developed to address substance use disorders, mental health conditions, family crisis, and business needs. As the heroin and opiate abuse epidemic continues to rise in our community, we are at the forefront of developing ways to address this growing crisis that is taking the lives of too many people in our community.

ASSESSMENTS FOR
CHILDREN AND ADULTS

At CARE we recognize we cannot impact community change alone. In recognizing this we are supporting Operation Rx, our community's collaborative, focused initiative on addressing the growing epidemic that is associated with heroin abuse and overdose deaths. We also provide technical assistance to ten local substance abuse prevention coalitions.

Over the last year we received a new Partnership for Success grant to support the Warren Center Line Prevention Coalition and implement new programming to address opiate abuse in the Warren and Centerline community.

INDIVIDUALS SERVED
THROUGH CASE
MANAGEMENT
SERVICES

Through this grant we started a unique Leadership Academy in partnership with Wayne State University, and the entire school district of Warren and Centerline, focusing on leadership development.

While ten percent of Americans report being in recovery from an alcohol or drug problem, there is still much stigma associated the disease of addiction. CARE has been supportive of Project Vox, our grassroots recovery advocacy group, this year we were finally able to provide full-time support to this group. As a result, Project Vox has grown in size and begun to have regular celebration and advocacy events focused on reducing the stigma associated with addiction. In addition to our substance abuse work, we also formed a partnership with Lakeshore Legal Aid and Turning Point to expand our supervised parenting program through a federal grant. At CARE we believe no child should feel unsafe when visiting with parents. Through this partnership, we have been able to expand this service to more families, allowing us to provide a safe place for children to visit with a noncustodial parent.

Thank you for your continued commitment to CARE, and the work we do in our community. Without the generous support of our donors and volunteers we would not have been able to expand our programs and services to meet the growing needs of our community.

Sincerely,

Monique Stanton, MA
President & CEO
