

INDEPTH

INDEPTH is the American Lung Association's Intervention for Nicotine Dependence: Education, Prevention, Tobacco and Health program.

A forward-thinking alternative to suspension or citation for tobacco use, including e-cigarettes, INDEPTH addresses the teen vaping epidemic in a more supportive way. This interactive program teaches students about nicotine dependence, establishing healthy alternatives and making the change to be free of all tobacco products, including e-cigarettes.

This is a four session workshop. To register, visit www.careofsem.com or call 586.541.2273. **Registration is due, Wednesday, April 6, 2022.**

FREE
